Children treated to holiday party

SAN BERNARDINO – The Boys & Girls Club of Greater Redlands-Riverside and Central San Bernardino Neighborhood Transformation Collaborative held a holiday party and toy giveaway Dec. 16 at the Waterman Gardens public housing complex.

A news release says children were allowed to pick a toy that was donated by members of the community and teenagers were given gift cards. Volunteers from the community organized games and helped children with crafts. Members of the

San Bernardino Police Department handed out stickers and helped children select gifts.

The Boys & Girls Club programs run three days a week at the Bobby Vega Community Center at Waterman Gardens, 402 Alder St.
